About Nirvana

Nirvana Solutions (www.nirvanasolutions.com) is a New York based financial technology company that provides real-time portfolio management solutions, consulting, and custom software development services to investment managers e.g. hedge funds, prime brokers, asset managers, and fund administrators. Our development center is based in Gurugram.

Nirvana™ is the hedge fund industry's first portfolio management system built around the Financial Information

Exchange (FIX) protocol. Nirvana's unique ability to dynamically accept FIX messages, combined with the aggregation of multi-prime data, ensures true real-time views of critical measures such as P&L and Risk. Nirvana™ also includes a full suite of on-demand and historical reporting for enhanced transparency and risk management. At Nirvana, we strive to build a close-knit competitive team environment. We believe in team players. A successful team gives better results than an accomplished individual.
