## **Hiring for Sustainext**

### **Job Description**

We are offering entry level positions to fresh graduates who are driven to create innovative change. Are you a person who looks forward to creating a more sustainable world by solving the challenges around corporate sustainability? Do you wish organizations were more sustainable in terms of impact? Are you skilled at handling data? Do you understand the terms Climate Change, Sustainability, and ESG? If yes, then we are looking for you.

### **Key Responsibilities –**

- Conduct research & analysis on sustainability data of companies across multiple sectors.
- Analyse and understand Annual Reports, ESG Reports, CSR Report, Proxy Statements and Articles of companies to extract ESG related information.
- Understand and analyse company Policies, Processes and Commitments towards their Stakeholders, the Society, and the Environment.
- Sort, clean and manage ESG data for our clients.
- Support a team of Sustainability Consultants and Senior Consultants on a daily basis.

### **Qualifications –**

Any bachelor's degree + master's degree or Course/Degree on Environment/Sustainability / Sustainability Management / Sustainable Development.

Candidates with a demonstrated knowledge of working with Carbon Accounting, Climate Change concepts, ESG concepts and frameworks will be preferred.

### **Skills & Requirements –**

Entry Level position: 0 -1.5 years of experience.

Strong interpersonal and communication skills.

Strong Excel Skills (you don't have to be a pro, but we expect you to know how it works) + Proficient in MS Office suite. -

Ability to work in a fast-paced environment.

Understanding of Sustainability/ESG concepts is essential.

Knowledge about ESG frameworks is preferred.

**Salary – 3 LPA to 3.6 LPA.**

3 months will be the training period & Stipend will be 17500 to 22000

No. of openings - 4

**Corporate Office: 304, Ansals Shivam Tower RDC, Ansal, Rajnagar, Ghaziabad, Uttar Pradesh - 201001, INDIA**
