Building a better
working world

Job description

Staff - CCaSS, FAAS, EY GDS Assurance

About EY

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. For more information about our organization, please visit ey.com.

About EY Global Delivery Services (GDS) Assurance

EY Global Delivery Services (GDS) Assurance practice supports global EY client-serving teams with their reviews across industry sectors, including financial services, manufacturing and technology, among others. Through the right multidisciplinary team of professionals with the sector knowledge and subject matter expertise, EY GDS Assurance enables EY client teams in over 30 countries to help world's leading companies meet their audit requirements.

Position summary

Climate Change and Sustainability Services (CCaSS) professionals provides advisory services including ESG/Sustainability Advisory, Sustainability/non-financial reporting, Climate Change and impact assessment studies.

The Intern will be responsible for working closely with Managers and Seniors on client engagements. The role requires understanding of GRI Standards, SASB, TCFD, CDP, DJSI, IIRC, AA 1000, ISAE 3000 etc. along with well-developed communication skills. The Associate will be based out of our Gurgaon/Bangalore/Mumbai/Kolkata/Hyderabad/Manila offices.

Primary responsibilities

- Execute the following FAAS-CCaSS solutions using Global service delivery framework:
 - ESG/Sustainability Advisory
 - Non-financial Reporting and Assurance
 - Climate Change and decarbonisation
 - Environment Health & Safety
- Ensure quality in delivering client service by directing daily progress of fieldwork, informing Supervisors of engagement status
- Follow instructions from onshore teams and reviewers for delivery

Qualifications, skills and experience

- Pursuing Post graduate degree in sustainability/environment or engineering (chemical/mechanical/civil) from reputed institutes in India with a focus on environment, sustainability and climate change issues.
- 0–2 years of experience in Climate Change, environment and sustainability related areas.
- Understanding of International Standards & frameworks like GRI, SASB, TCFD, DJSI, CDP, WEF IBC etc.
- Internship/project experience with MNCs on sustainability as part of their educational curriculum.
- Strong communication, presentation and business writing skills
- Experience of working on MS Excel or any other data management tools/technologies.
