Date: 22/10/2019

**Notice**

**Sub: Regarding Remote Access to E- Resources**

The faculty from the different School of the Study are frequently approaching the Library for uninterrupted remote access to library e- resources for their teaching, research, and project work. To facilitate the same, UIRC explored the options and come to know that the product entitled 'RemoteXs' is widely used for remote access in many leading Universities and Institutes (like IIT's, IIM's, NLU's and Universities in Hyderabad, Delhi, Bangalore, Japan Singapore, South Africa, Malaysia etc) of national and international fame. (Brochure and list enclosed).

Deans / Directors are requested to circulate the Brochure among faculty to go through the silent features of the product. If you need and like the product, you are requested to send the recommendations and raise the indent to UIRC latest by 28/10/2019 and also mention for required number of users. Please ignore, if sent earlier.

A Gateway to accessing your digital resources

***Empower your user with a power to access & download from subscribed eJournals, eBooks, eResources, videos...***

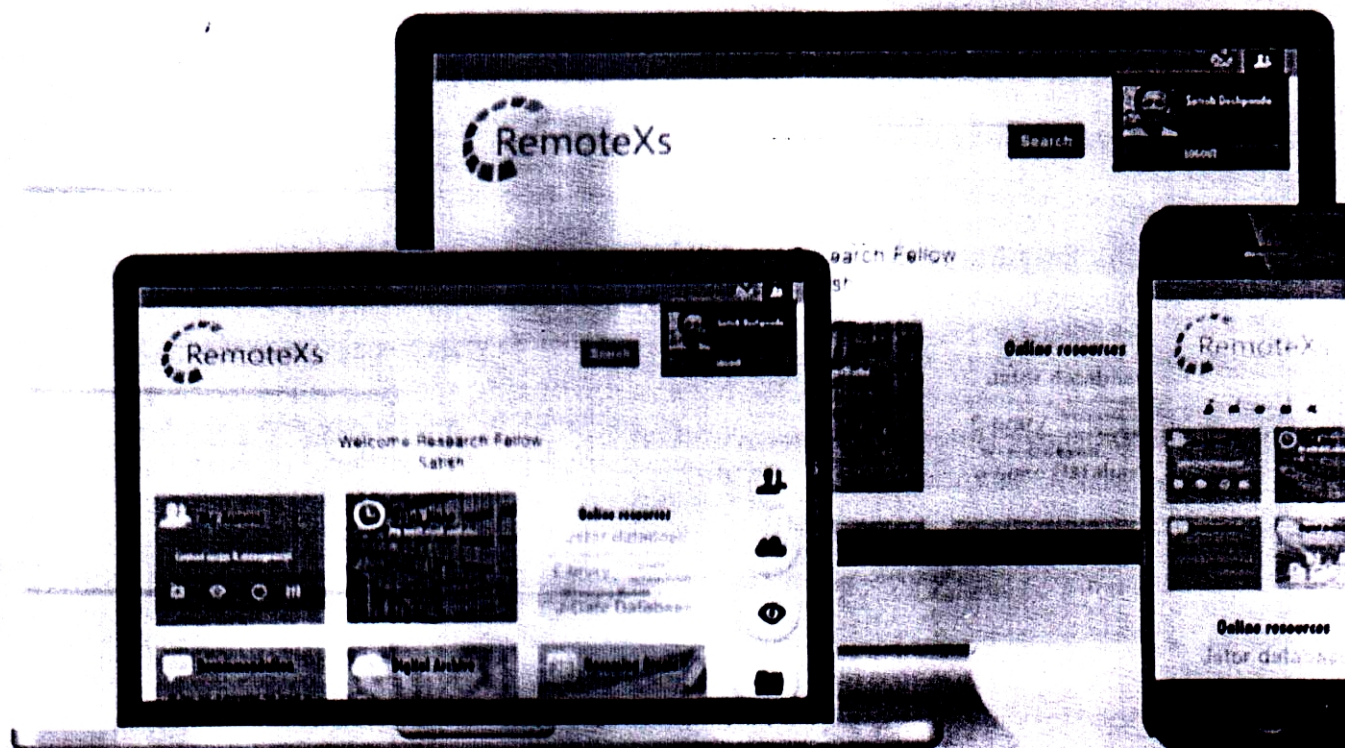

***Anytime from Anywhere...***

# RemoteXs

A Gateway to accessing your digital resources

## RemoteXs is a Single-Window Platform to access all eResources

RemoteXs harnesses simplicity, strength and security of Drupal with enhanced automated monitoring of the users. Drupal's power of bringing resources on a single platform saves considerable amount of time and effort of the users.

RemoteXs has enabled all leading institutions (academic or research) in efficient usage of the precious eResources and nurturing research interests of faculty and their students.

RemoteXs has an ability to provide secured access to scattered eResources of the institution, bringing them along with subscribed eJournals, eBooks and all other eContent, that too anytime from anywhere.

Our cost-effective cloud-based service model has enabled progressive libraries in creating their own Digital Library Portal with facilities to reach their users in an efficient manner.

RemoteXs has also freed institutions from investing and maintaining huge hardware infrastructure of servers, central servers, bandwidth costs, IP addresses, registrations, etc. This has helped them to focus on academic activities and use resources aptly.

RemoteXs has empowered institutions in systematic management of resources among faculty and students and take right steps in creating a knowledge-base of their own.

Our Services: Hosting services | Data Backup services | Mail server hosting services | Resource portal theme design

## Nurture the Research Potential

### Management dashboard

Provides a snapshot of activities on a single screen.

### Facilitates seamless information provision

With a single login ID, authorized Researchers, Scientists, Faculties, Students and Staff can access all their digital resources anytime .. from anywhere.

### Responsive multimedia capability to provide SDI services

Libraries and Publishers can classify content to increase resource usage by displaying videos, presentations, images, articles, documents relevant for special user categories.

### Interactive content management

Help related to using contents of eResources can be made available through training videos, articles, events, webinars etc.

### Integrated eMail services

Allows administrator to easily send system generated email messages (like welcome email, password reset, custom messages, user statistics etc) to all or selected user categories/publishers.

### Flexible

User category-based resource grouping access to resources.

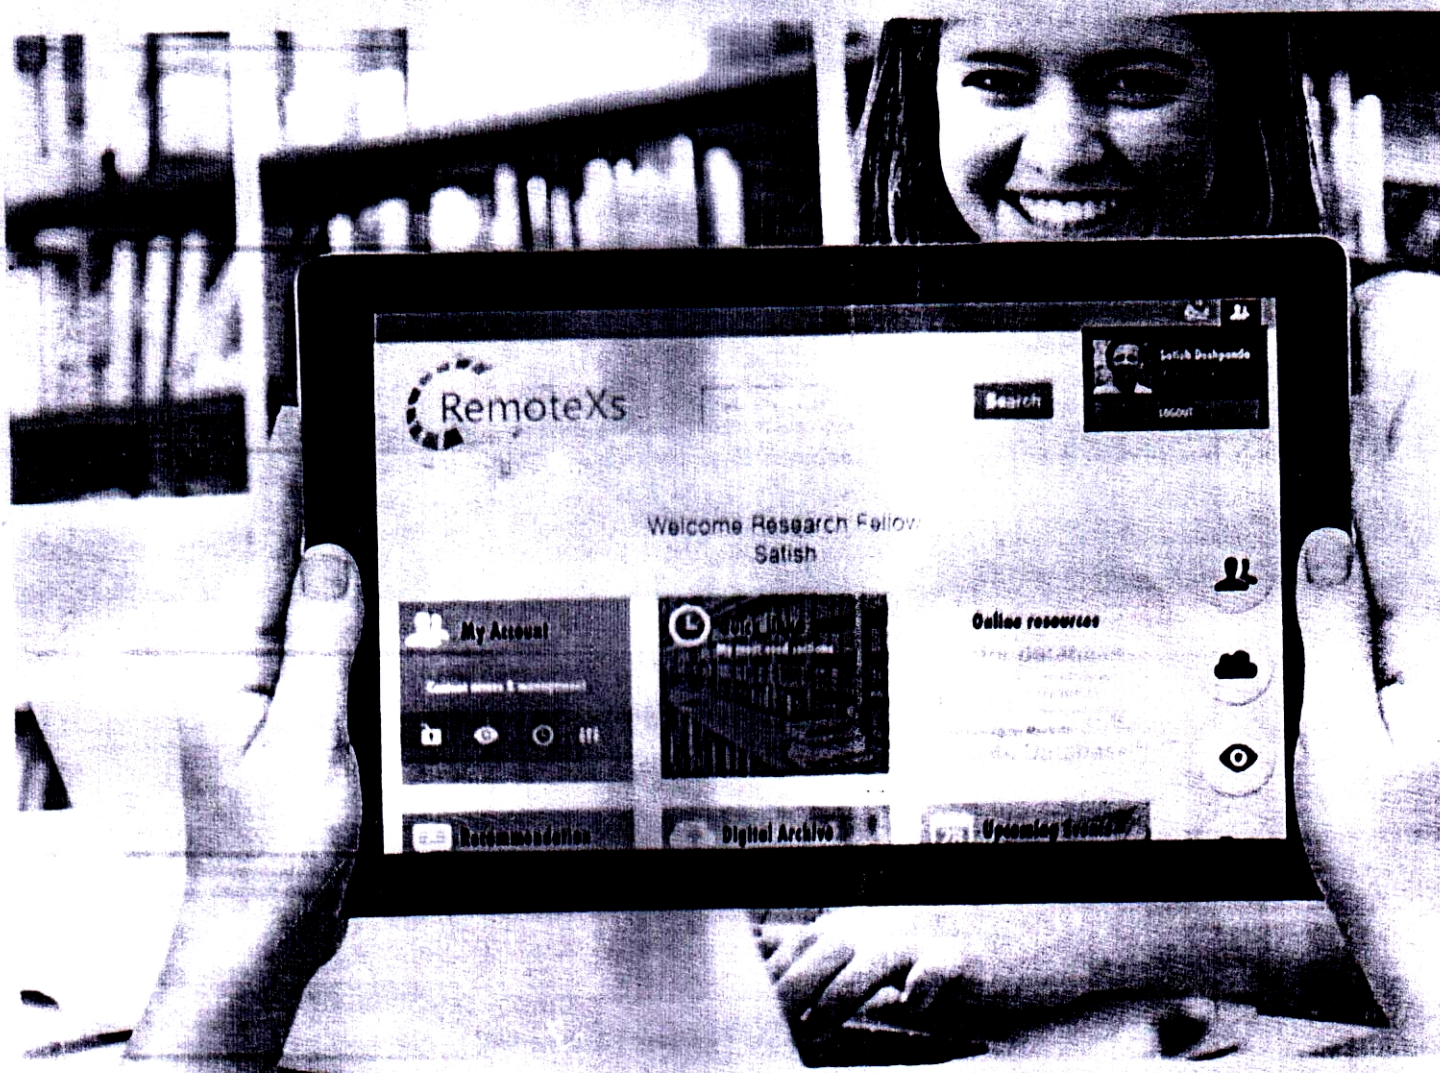

### Secure and Dependable

Data download limit for end-users, robotic downloads prevention, auto-check for system abuse.

### Comprehensive reporting module for decision making

MIS Reports generated by RemoteXs can well help in optimizing budget allocation towards eResources and eSubscriptions.

## Client Testimonials

### "Support services are excellent"

We are using Remote Access facility from Eclat. Our students and faculty are able to access our subscribed e-resources through this RemoteXs facility. Also students are using it during their summer internship when they are out of Ranchi.

Dr. Jayanta Kumar Tripathy  
Librarian  
Indian Institute of Management, Ranchi

### "Reliable and convenient"

Increase in use of e-resources.  
Enhances service quality by providing this (facility) to use when not on campus, especially during their summer internships. This also helps the students in improving the quality of their summer work.  
User convenience has led to increase in satisfaction library services. Provides a good indication of what students are using.

Dr. H. Anil Kumar  
Librarian and Head NICMAN  
Indian Institute of Management, Ahmedabad
