

JRF Recruitment in DST Sponsored Project as Android App Developer

Applications are invited from eligible candidates to work as a Junior Research Fellow (JRF) as Android App Developer in a Department of Science and Technology (DST) sponsored project at USICT, GGSIPU, New Delhi. The details are as follows:

Project Title	Application of Internet of Things (IOT) in Agriculture Sector
Number of Positions	1
Principal Investigator (PI)	Prof. (Dr.) Amit Prakash Singh
Co-PI	Dr. Anuradha Chug
Project Description	In this project, we will explore the IOT applications in agriculture to identify various methods which will deploy "Internet of Things farming" and help farmers in meeting world's growing food demands. At its core, we are planning to develop a middleware platform that allows us to rapidly develop IOT solutions, connected applications, and smart products. The developed platform will provide a standardized approach for timely prediction of disease in plant/crops and allows us to implement the "Remote Crop Monitoring facility".
Fellowship	Rs.25000/-PM+30% HRA = 32,500/- PM as per the DST guidelines. Updated emoluments, if any, are applicable as per the DST guidelines.
Essential Qualifications	B.Tech. (CSE/IT/ECE)/MCA
Required Software Skill	Android Studio, expertise in Java, Understanding of Material Design Guidelines, Knowledge of Git, Android SDK, XML, Firebase or Parse Database cloud
Desirable Qualifications	Candidates with experience in Mobile Development with AI/TensorFlow
Tenure	Two Years or till the end of the project (30-August 2022)
