## **Circular**

**Subject:** Replacement of wornout pipes.

The drainage pipes in the shaft along the balcony of labs in A and B block has wornout and needs replacement to stop leakages. The process of replacement was initiated in March 2020 but could not be taken up due to lockdown for containment of Covid 19 wef 19/03/2020.

Now after partial opening of University wef 26.05.2020, the matter has been again taken up and in order to execute the work, there is requirement of opening of labs in A and B block.

It is therefore requested to arrange for opening of labs in A and B block so as the work of replacement of pipes can be executed.
