CIRCULAR

All concerned are being informed that existing setup of Blade server installed in the Server Room was installed during year 2010-2011 and as on date, all blade servers of the University have already finished their effective working life, obsolete technology and are end of support (due to non-availability of AMC). Though the University IT Services (UITs) Branch is in process of procurement of Hyper Converged Infrastructure (HCI) server in near future, but considering the present condition of existing setup of Blade Servers, the same shall no longer remain functional as the present setup has already completed its working life.

Further, it is being informed that there is High probability of breakdown of existing Blade Servers Data which may cause loss of data of various academic and administrative departments of the University etc. Therefore, all concerned USS/ departments are requested to take backup of their respective data from the servers to avoid any inconvenience.
