## OBJECTIVES

The objective of National Conference IDCT-2021 is to bring professionals & scientists on a common platform to share ideas, experiences and knowledge associated with sustainable development.

Aatmanirbhar means 'self-reliant'. The century will belong to India only if it becomes self reliant. India's self-reliance is based on five pillars (i) Economy (ii) Infrastructure (iii) Technology driven system (iv) Vibrant demography (v) Demand. School of Chemical Technology see its role in developing new and advanced technologies for sustainable development

The program will consist of peer-reviewed paper presentations in technical sessions. In addition, keynote lectures will be conducted during the conference.

The theme of IDCT-2021 includes:

- Sustainable developments under Bioresource Technology
- Innovations in Energy and Environmental Technology
- Innovations in Process Technology.
