NOTICE

Breast cancer is the second most common type of cancer only after skin cancer. Every year, thousands of women and rarely, men are diagnosed with breast cancer. Although the number is so high, yet people are not much aware about the self-examination methods and required precautionary steps.

NSS-Cell GGSIPU, Unit-B, in collaboration with 'YOUTH FOR SEWA' brings a webinar on the topic- 'Breast Cancer and Cervical Cancer Awareness' on 15th March 2021, in order to create awareness among people for the same and help them to take required steps for diagnosis on early stages.

Youth for Seva is a nation-wide volunteering movement that inspires youth to volunteer & provides them with meaningful opportunities to serve the community. It aims to build and facilitate a movement of organised volunteering for societal well-being.
