CIRCULAR

In continuation of earlier Circular Ref: GGSIPU/UITs/421, Dated: 25-04-2023, UITs has diagnosed that private / misconfigured Wi-Fi device are still working in B-Block of the University which is creating a lot of technical issues like looping, bandwidth chocking and also interrupting the internet facility in the entire University Network.

So, it has been decided that till the private Wi-Fi routers will not be removed by the individuals of B-Block, the services of Internet facility will be closed till further order.
