UNIVERSITY SCHOOL OF EDUCATION

Faculty Development Programme On the theme

National Education Policy, 2020: Challenges and Opportunities in Higher Education (14th September-21st September, 2022)

About the GGSIP University

Guru Gobind Singh Indraprastha University (GGSIU) is a teaching and affiliating University with the explicit objective of facilitating and promoting studies, research and extension work in emerging areas of higher education with focus on professional education and also to achieve excellence in all the fields. "Guru Gobind Singh Indraprastha University shall strive hard to provide a market oriented professional education to the student community of India in general and of Delhi in particular, with a view to serving the cause of higher education as well as to meet the needs of the Indian industries by promoting establishment of colleges and Schools of Studies as Centres of Excellence in emerging areas of education with focus on professional education in disciplines of engineering, technology, medicine, education, pharmacy, nursing, law, etc."

About Faculty Development Programme

The National Education Policy, 2020 is a comprehensive framework for elementary education to Higher Education as well as vocational training in both rural and urban India. NEP 2020 envisions India-centric education system that contributes directly towards transforming our nation sustainability into an equitable and vibrant knowledge society by providing high- quality education to all. Although India's higher education is one of the world's largest systems, it faces numerous challenges. Despite significant efforts over the past two decades, to meet growing demands in higher education, newer challenges continue to emerge, often because of the actions of an increasingly informed and demanding population. The aim of the policy which is to end the fragmented system of higher education by transforming it into multidisciplinary and quality focused institutions, leads to the regular participation in discussions, debates, and knowledge creation among all the stakeholders. This Faculty Development Programme aims at providing a platform to all the faculty members to deliberate on diverse perspectives of the National Education Policy-2020.
