INDRAPRASTHA UNIVERSITY

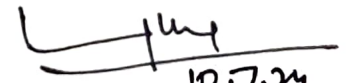

Ref. No. GGSIPU/SS/Sanitation/2021-22/043/364

Dated: 10-07-2024

CIRCULAR

Measures for prevention and Control of Vector Borne Diseases (Dengue, Chikungunya and Malaria) has been issued by the Govt. of NCT of Delhi. Keeping in view of it, following preventive measures/steps are to be taken for Prevention and Control of Borne Diseases in the University:-

- (i). The water contained in the coolers should be replaced every week after scrub cleaning. While purchasing desert cooler for offices as well as residential premises, the National Centre for Disease Control (NCDC) cooler should be preferred as no mosquito breeding occurs in these coolers.
- (ii). Change water of bird pots regularly.
- (iii). Overhead tanks/Cemented tanks should be well fitted lid and lid should be kept locked. Water outlet/air bent pipe of OHT should be covered with a metallic/plastic net of sufficient size or covered with cloth to prevent entry of mosquito.
- (iv). Change water of money plants/indoor plants every week.
- (v). Collection of stagnant water should not be allowed inside or around office premises
- (vi). Solid waste must be disposed off regularly and properly so that no breeding takes place. Do not let broken earthen wares, plastic container, bucket, gallons, disposable cups, bottles, coconut shells, pots etc. in open.
- (vii). Use of wire mesh on doors & windows to keep mosquitoes away.
- (viii). All the students and Staff should wear full sleeve cloths and trouser that cover arms and legs. Use of mosquito repellent creams/oils should be ensured to prevent mosquito bite on exposed body parts during epidemic season.
- (ix). Observance of dry day once in a week in all offices (Friday) and residential areas (Sunday) during which coolers, flower pots, bird pots, water containers, any scrap, stagnant water and other possible breeding sites to be checked thoroughly for ensuring no possibility of mosquito breeding.
- (x). Create awareness among students, so that they may sensitize people at their homes/neighborhoods to achieve a clean environment inside homes and their vicinity.
- (xi). Aggressive campaign for Information Education and Communication (IEC) for informing and educating the people on need of prevention of mosquito breeding and measures required to take for prevention and control of Vector borne diseases. Student should be involved in such awareness activities and they may be sensitized on regular basis.
