Sub.: Promotion of Entrepreneurship Education through Scholarship Support for Students of Delhi

Respected Madam,

Greetings from the Entrepreneurship Development Institute of India (EDII)!

It is my pleasure to bring to your notice that amidst the escalating role of entrepreneurship in promoting economic growth and addressing the issue of unemployment, here's this Centre of Excellence (as recognised by the Ministry of Entrepreneurship and Skill Development, Govt. of India), devoted to entrepreneurship training, education, MSME growth, incubation and innovation promotion.

Popularly known as EDII, this Institute trains youths to become successful entrepreneurs. Several EDII trained students are being widely recognized for their need- of-the-hour contributions to society and the economy.

May I add that EDII Ahmedabad, established in 1983, with the support of IDBI Bank Ltd, IFCI Ltd, ICICI Ltd, State Bank of India and the Government of Gujarat, has been at the forefront of promoting an entrepreneurial culture among India's youth.

Over the years, EDII has supported thousands of students in launching their new enterprises/startups and strengthening family businesses, thereby contributing to the entrepreneurial ecosystem of the country. Through its flagship programme, the Post Graduate Diploma in Management- Entrepreneurship (PGDM- E), EDII continues to play a pivotal role in entrepreneurship education and promotion.

The Post Graduate Diploma in Management – Entrepreneurship (PGDM-E) is a two-year, full-time programme approved by the All India Council for Technical Education (AICTE) and accredited by the National Board of Accreditation (NBA), and equivalent to an MBA by the Association of Indian Universities (AIU).

EDII boasts of a robust network of over 2,000 alumni who have significantly contributed to India's economic growth across a wide range of sectors, including manufacturing, technology, hospitality, agriculture, healthcare, mining and minerals, real estate, education, chemicals, MSMEs, and SMEs.

Our students benefit immensely from this vibrant alumni network through valuable mentorship, industry connections, and real-world insights. The Institute also hosts Empresario, its flagship annual event, which serves as a premier platform for startups, aspiring entrepreneurs, industry mentors, investors, and students to connect, collaborate, and exchange ideas. The event has witnessed participation from distinguished individuals such as Shri Suresh Prabhu, Former Minister of Civil Aviation of India; Mr. Ashneer Grover, former Managing Director of BharatPe; Shri Kris Gopalakrishnan, Chairman of Axilor Ventures and Former Co-founder of Infosys; and Mr. Nikhil Kamath, Co-founder and CEO of Zerodha, among others — offering unparalleled exposure and inspiration to the entrepreneurial community.

EDII remains committed to promoting entrepreneurship among youths from across sections of society. As a part of our efforts to promote entrepreneurship among the youth of Delhi, we are pleased to offer Merit-cum-Means Scholarships to deserving candidates for pursuing the Post Graduate Diploma in Management – Entrepreneurship (PGDM-E) as per the following parameters:

- 100% Academic Fee Waiver for one meritorious and deserving student
- 50% Academic Fee Waiver for three meritorious and deserving students, including one girl student

We kindly seek your support in disseminating information about this opportunity across educational institutions in Delhi so that deserving students can benefit from this initiative and contribute to India's entrepreneurial growth story.

We would be honoured to associate with the Government of Delhi in this mission to build a strong entrepreneurial ecosystem by nurturing Delhi's youth in becoming job creators and change makers.

Thank you for your time and consideration. We look forward to your valuable support in this endeavour.

Yours sincerely,

Sunil Shukla
