OPPORTUNITY TO WORK AT GGSIPU'S RESEARCH, INNOVATION & INCUBATION ECOSYSTEM

About Guru Gobind Singh Indraprastha University

Known for its cutting-edge knowledgebase, the Guru Gobind Singh Indraprastha University (GGSIPU) functions with the explicit objective of facilitating and promoting studies, research, innovation, incubation and extension activities in diverse professional and technological domains of socio economic importance. It was established by an Act of the Govt. of NCT of Delhi in 1998 as a teaching cum affiliating University and has been included under Section 2 (f) and 12 (B) of the University Grants Commission (UGC). The University has been graded A++ by the National Assessment and Accreditation Council. The University also secured its standing among the top institutions in the world in the QS world Ranking 2026, featuring in 951-1000 Worldwide category.

Areas of Research & Research Facilities

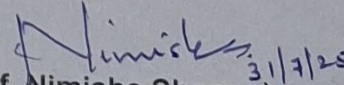

The activities of GGSIPU are run through its various on-campus "Schools of Studies" created, evolved and maintained systematically covering the areas of Architecture, Basic and Applied Sciences, Biotechnology, Chemical Technology, Design, Education, Environment Management, Humanities and Social Sciences, Information and Communication Technology, Law and Legal Studies, Management, Mass Communication, Robotics & Automation. The University also has two Centres of Excellence in the fields of Pharmaceutical Sciences and Disaster Management. It has set up an incubation centre to support Start-up and Spin-off companies. Through these Schools and Centres, the University focusses on a seamless amalgamation of research, innovation, incubation and teaching activities to enthuse, engage and train undergraduate, postgraduate students and Ph.D. research scholars in frontier areas of research.

The University is committed to providing all the requisite support to encourage its faculty, research scholars and students attain greater heights in their research, innovation and incubation pursuits. It has conceptualised and put in place enabling policies for smooth implementation of extramural as well as intramural research projects, annual faculty research grants, student fellowships, travel grants and research publishing grants, apart from infrastructural support for research to the best possible extent.

Application Process

The University invites postdoctoral fellows and researchers who have been selected under various schemes of the Government, such as Ramalingaswamy Fellowship scheme, Inspire scheme, Women Scientists Scheme, or any other such scheme to promote research in Sciences, Technology, Management, Law and Legal Studies, Humanities and Social Sciences to avail their fellowships in the University, and pursue their research in a University School of Study / Centre of the University with matching research interests as per the norms and guidelines specified in their respective schemes, as well as the guidelines of the University. Interested candidates may contact the Dean/ faculty of various USS/ centers of Excellence.

For any query, please contact the office of Research and Development Cell (http://www.ipu.ac.in/rnc_about.php) or the concerned University School (<http://www.ipu.ac.in/schools.plhp>) / Centre (<http://www.ipu.ac.in/centersmain.php>).
