C-DAC (Electronic Research & Development Center of India) Govt. of India, Anusandhan Bhawan, C-56/1, Institutional Area, Sector - 62, NODIA	MBA (SEM)	2 years	60	2006	65,000	No hike

Contd..2

*[Handwritten Signature]*

The fee structure recommended as above will be valid for the academic session 2010-11 & 2011-12 and a hike of 5% has been recommended for the academic session 2012-13. Henceforth, every year the Committee will issue orders on the fee to be charged from the students for that year and for their entire course of study.

The following recommendations have also been made by the Committee for bringing about improvement in the following areas:

1. Academic excellence should be the focus and concern; of all Government, Universities and the Fee Committee. There is necessity of ensuring that the faculty attend at least one workshop in a year relating to their subject. The Institute should conduct the seminars and workshops which have to be made mandatory taking into account their size and capacity. In case one institution is not able to conduct the workshop / seminars, a group of them should be encouraged to organize Workshops/ Seminars.
2. The faculty should publish research and seminars papers which should be reviewed by appropriate agencies.
3. Research to be encouraged and well rewarded by the University.
4. The institutes should provide consultancy particularly to SME's. For this, it may be necessary that the University have to conduct training workshops.
5. Institutes should be encouraged to publish newsletters, institutional magazines.
6. As there is a shortage of good faculty, it may be necessary to encourage institutions which have been graded A to have video conferencing facility with other institutes which do not have good faculty. The University may device ways & means to help these institutes to set-up Video Conferencing facilities by providing necessary financial incentives. These institutes should become mentoring institutes for less endowed ones.
7. The committee has observed that many institutes have not provided any scholarship/ fellowship to the meritorious.

**Note:** The fee recommended will be applicable to students joining the institutions in the academic year 2010-11, not for the students who have joined earlier. In the above mentioned fee, University share is not included.
