Dated: 10/11/15

Advisory for Students, Employees & Residents

Please take a stand - **“Say no to Crackers”**. As we all know fire crackers are a major source of highly toxic air pollutants. They are also a source of noise pollution. Moreover, use of fire crackers is wrong for ethical reasons also as many children are employed to manufacture fire crackers.

All the staff and students of the University and affiliated institutes are requested to take a lead on this issue and prevail upon their peers to refrain from bursting fire crackers this Diwali.

Wish you all a very happy, noise and pollution free Diwali.

(Rajiv Kale)
Registrar
