## **TRAINING AND PLACEMENT CELL**

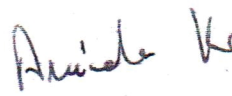

### **Placement Policy of USIC&T**

It has been observed that, many queries have been asked by the students regarding the placement. For smooth conduction of placement activity, a placement policy is proposed as *"Each student will be allowed to get a job in one Mass IT company and in one Core/Product/Non-Tech company with the difference of CTC between the two should be 2.5 lakhs.* Once a student secures a core company, He/she won't be allowed to sit for another company and his/her placement will be over.

However, if a specific company requires that placement should be open for all students, then with the approval of competent authority that company will be categorized as "Dream" and all already placed students will be allowed.

The policy may be changed/modified depending on the requirement of the school.
