Subject: Regarding New Recommendations for Print Journals for UIRC

In order to strengthen the Print Journal Collection of the University Information Resources Center (UIRC) and to meet the current academic, teaching and research requirements of the University, recommendations are invited for new print journals required by the Schools/Centres/Departments.

Special emphasis may kindly be given to those journals which are not available in electronic (e-journal) form through the UIRC or are not covered under the existing e-resource subscriptions. This will help the Library to identify and provide access to important scholarly content that is not otherwise available electronically.

In this regard, you are requested to kindly send the **recommendations for new print journals** required for your School/Centre/Department, along with the **title of the journal, publisher, frequency and tentative annual subscription cost**, for further necessary action after seeking **administrative approval of the Competent Authority**, subject to availability of funds.

All concerned are requested to submit their recommendations to the UIRC at the earliest.
