University School of Biotechnology

Dr. Yellapragada SubbaRow Memorial Lecture

"Evolution of Genome Sequencing and its Uses in Biology"

Prof. Debasis Chattopadhyay
FNASc, FASc, FNA
J.C. Bose National Fellow
National Institute of Plant Genome Research, New Delhi

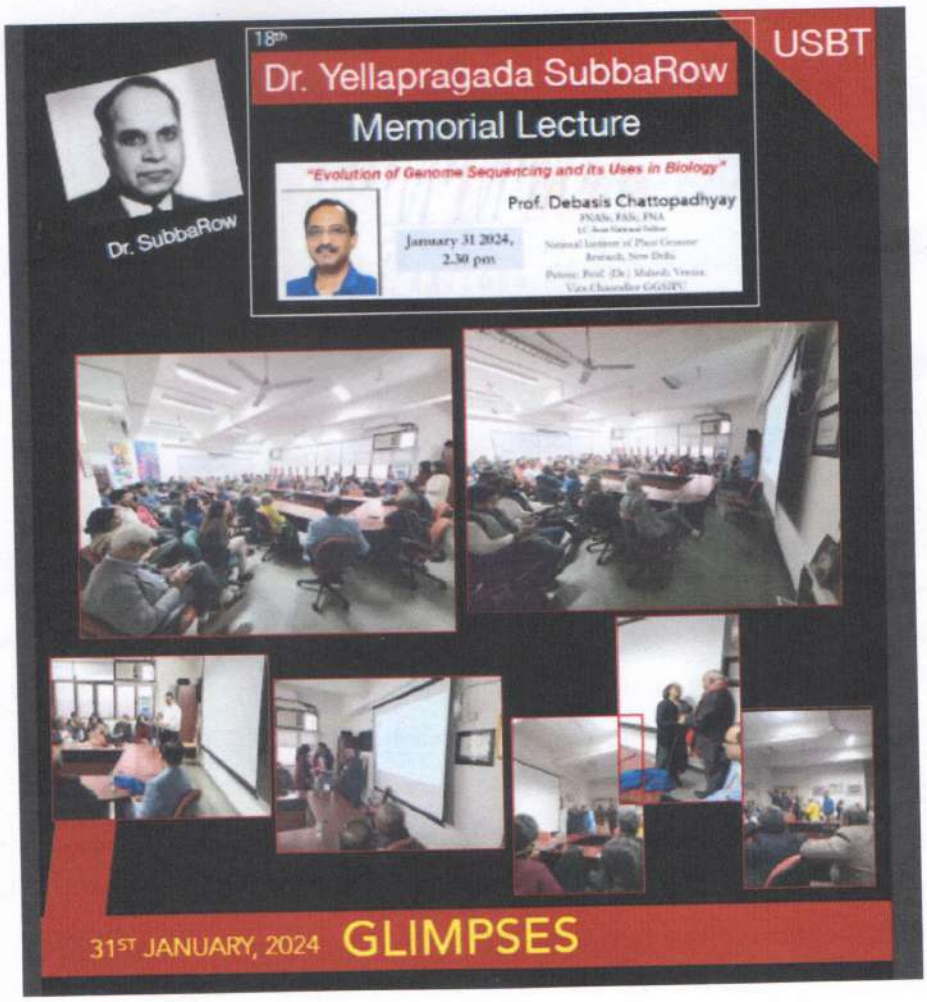

January 31 2024, 2.30 pm

Patron: Prof. (Dr.) Mahesh Verma, Vice Chancellor GGSIPU

The 18th Dr. Yellapragada SubbaRow Memorial Lecture, organised by the University School of Biotechnology (USBT) at Guru Gobind Singh Indraprastha University (GGSIPU), was held on 31st January 2024 at 2:30 pm. The annual lecture honours the legacy of Dr. Yellapragada SubbaRow, the pioneering biochemist whose work in medicine and biochemistry left a lasting mark on global science. This edition featured Prof. Debasis Chattopadhyay, FNASc, FASc, FNA, and J.C. Bose National Fellow at the National Institute of Plant Genome Research, New Delhi, who delivered a talk titled **"Evolution of Genome Sequencing and its Uses in Biology."** Held under the patronage of Prof. (Dr.) Mahesh Verma, Vice Chancellor of GGSIPU, the lecture traced the journey of sequencing technologies and their growing applications across the biological sciences. The event drew a full room of faculty, researchers, and students, and its warm, engaged atmosphere reflected the continuing importance of the lecture series in encouraging scientific curiosity and honouring a great scientist's contributions.
