Guru Gobind Singh Indraprastha University

ACTIVITY REPORT

Activity Report - For Statutory / Accreditation / Ranking Purposes

1. Basic Information

- Title of activity: **Online training program on E-resources (UIRC and ONOS)**
- Organizing unit (School / Centre / Department / Branch): **UIRC**
- Type of activity: **Training for E-Resources**
- Date(s) & time: **June 2026**
- Venue: **Online**

1	Making the Most of Project MUSE under ONOS: Discover, Access, and Share Knowledge	PROJECT MUSE	Webinar	Jun 25, 2026
2	MyLOFT User Training	ECLAT	Webinar	Jun 30, 2026

2. Participation

Approx. number of participants: **50** plus

Main categories (students / faculty): **Both**- Students/ Research Scholars & Teachers.

3. Brief Description & Outcomes

Description of Training: The training programme focused on enhancing digital literacy and developing the skills of students, research scholars, and faculty members in accessing and effectively utilising e-resources, online databases, e-journals, and digital research tools.

Outcomes of Training: The programme improved participants' awareness and skills in accessing and utilising electronic resources for academic learning, research, and teaching, thereby supporting research productivity and informed academic engagement.

2. Participation

Approx. number of participants: **30-40**.

Main categories (students / faculty): **Both- Students/ Research Scholars & Teachers.**

3. Brief Description & Outcomes

Brief Description: The training programme was organised to strengthen digital literacy and research competencies among students, research scholars, and faculty members by providing guidance on accessing and effectively utilising e-resources, online academic databases, e-journals, and digital research tools to support teaching, learning, and scholarly research.

Outcomes: The programme enhanced participants' capacity to identify, access, evaluate, and utilise credible electronic information resources for academic and research purposes. It promoted independent learning, strengthened information and digital research skills, and facilitated the

effective integration of digital resources into teaching, academic assignments, and research activities, contributing to improved academic engagement and research productivity.

ONOS & Springer Nature Open Access Publishing and APC Funding A Practical Guide for Authors

Date:
29th July 2026, Wednesday

Time:
3.00PM to 4.30 PM IST

Link to register –

<https://attendee.gotowebinar.com/register/2980424635112501597?source=inflibnet>

The One Nation One Subscription (ONOS) initiative has expanded access to over 13,000 journals across India. In addition, ONOS also supports Open Access publishing by covering Article Processing Charges (APCs) for authors publishing in eligible fully open access journals.

Join this session to understand how to maximize both access and publishing benefits.

Key Highlights:

- ONOS overview and Springer Nature coverage
- Open Access journals and APC funding scope
- Author eligibility requirements
- Step-by-step APC workflow for eligible Springer Nature journals after acceptance
- Tips to avoid common errors
- Questions and Answers

Speakers:

Dr. Kruti Trivedi, Scientist-D (LS) INFLIBNET CENTRE, Ministry of Education, Government of India (Keynote Remarks)

Ms. Alpina Sagwal, Head Customer Engagement - EMEA, India & Central Asia, Springer Nature

Prof. Uma P. Lujose, Head UIRC

UIRC Activity Report - For Statutory / Accreditation / Ranking Purposes

1. Basic Information

- Title of activity: **Online training program on E-resources (UIRC and ONOS)**
- Organizing unit (School / Centre / Department / Branch): **UIRC**
- Type of activity: **Training for E-Resources**
- Date(s) & time: **August 2026**
- Venue: **Online**

1.	Research with Impact on Oxford Academic with ONOS - Empowering Research Excellence	OUP	Webinar	Aug 10, 2026
2.	Empower research with Taylor and Francis Journals via ONOS	Taylor & Francis	Webinar	Aug 11, 2026

2. Participation

Approx. number of participants: **30-40.**

Main categories (students / faculty): **Both- Students/ Research Scholars & Teachers.**

3. Brief Description & Outcomes

Brief Description : The training programme aimed to strengthen digital literacy and research competencies among students, research scholars, and faculty members through hands-on orientation on accessing, navigating, and effectively utilising e-resources, scholarly databases, e-journals, and digital research tools. It enhanced participants' capacity for information retrieval, critical evaluation of scholarly literature, and integration of authoritative digital resources into teaching, learning, and research.

Outcomes : The programme contributed to strengthening independent learning, improving research efficiency, promoting evidence-based academic practices, and fostering a digitally empowered academic environment conducive to quality research, innovation, and enhanced institutional academic performance.

UIRC Activity Report - For Statutory / Accreditation / Ranking Purposes

1. Basic Information

- Title of activity: **Online training programmes on E-resources (UIRC and ONOS)**
- Organizing unit (School / Centre / Department / Branch): **UIRC**
- Type of activity: **Training for E-Resources**
- Date(s) & time: **September 2026**
- Venue: **Online**

1.	Maximizing Project MUSE under ONOS: Discover, Access & Share Knowledge	Project Muse	Webinar	Sep 16, 2026
2.	Building a Better Society with Standards: An Introduction to IEEE Standards	IEEE	Webinar	Sep 22, 2026
3.	SPIE for ONOS members: Publishing latest research in Optics and Photonics	SPIE	Webinar	Sep 23, 2026

2. Participation

Approx. number of participants: **50-100**.

Main categories (students / faculty): **Both- Students/ Research Scholars & Teachers.**

3. Brief Description & Outcomes

Brief Description: The training programme was designed to strengthen digital literacy and information competencies among students, research scholars, and faculty members by facilitating the effective utilisation of e-resources, scholarly databases, e-journals, and advanced digital research tools.

Outcomes : It promoted informed information retrieval, critical appraisal of scholarly content, and the integration of credible electronic resources into teaching, learning, and research. The programme enhanced participants' capacity for independent learning, evidence-based academic inquiry, and efficient research practices, thereby contributing to improved academic engagement, research quality, scholarly productivity, and the University's commitment to academic excellence and institutional advancement.

Unlocking Funding Opportunities:

Leveraging Web of Science Research Intelligence

Oct 9 | 2026 | 11:00AM IST

Register Now

Topics that will be covered:

Aligning funding opportunities to institutional and researcher strengths

- Identify expert teams and collaboration pathways
- Move from finding funding → knowing where you'll win
- Bring AI directly into the researcher workflow
- Answer strategic questions using a single source of trusted research information
- Evaluate and demonstrate your societal impact

Endnote Webinar on Cite Smart with AI

Date: Friday, October 30, 2026

[Register Now](#)

Time: 11:00AM IST

Agenda

- Introduction to EndNote 2025 and its role in efficient research workflows
- Enhancements in comparison to previous versions
- Importing references from Web of Science and other databases
- Organizing references using groups, attachments, and de-duplication tools
- Retrieving full-text PDFs using EndNote Click
- Collaborating with colleagues through shared reference groups
- Using Cite While You Write in Microsoft Word and Google Docs
- Switching citation styles to meet journal requirements
- Generating bibliographies and formatted manuscripts
- Discovering suitable journals using Manuscript Matcher
