Visit to IBM SkillsBuild Annual Event 2025

Venue: Hotel Le Méridien, New Delhi | Date: 30 October 2025

USAR students with faculty representatives during the IBM SkillsBuild Annual Event 2025.

Introduction

Students of the University School of Automation & Robotics (USAR), Guru Gobind Singh Indraprastha University, attended the IBM SkillsBuild Annual Event 2025 held at Hotel Le Méridien, New Delhi, on 30th October 2025. The visit was led by the Dean, USAR, along with Prof. Rahul Johari.

Event Description

The event provided students with an opportunity to gain insights into emerging technologies, evolving industry trends and career opportunities. It featured informative sessions, interactive discussions and networking opportunities with industry experts and professionals.

Learning Outcomes

Through their participation, students were able to engage with ideas and perspectives from the professional technology ecosystem. The visit offered valuable exposure to industry practices and emerging developments, helping students connect academic learning with real-world opportunities.

Conclusion

The participation of USAR students in the IBM SkillsBuild Annual Event 2025 reflected the institution’s commitment to industry-oriented learning and skill development. The visit served as a meaningful learning experience, encouraging students to explore new technologies and future career pathways.
