Student of the Year Competition

Dance, music, public speaking and technical quiz

Date: 26-27 April 2024
Venue: A004, USAR

Event report

The Student of the Year Competition was organised during the academic year 2024-2025 as a talent-based competition designed to provide students with a platform to showcase their diverse abilities across multiple domains. The competition aimed to assess participants on their creativity, confidence, communication skills, technical knowledge, and overall performance.

The event consisted of four rounds: Dance, Music, Public Speaking, and a Technical Quiz. Each round tested a different aspect of the participants' abilities, encouraging them to demonstrate their talents in performing arts, express their thoughts effectively, and apply their technical knowledge.

The Student of the Year Competition provided an engaging platform for students to challenge themselves, develop confidence, and showcase their strengths beyond academics. It also reinforced the importance of holistic development by bringing together artistic expression, effective communication, and technical aptitude.
