# VESLens

Photography competition

Date: October 2024

Venue: USAR

## Event report

VESLens was organised as a photography competition to encourage students to express their creativity and artistic vision through photography. The event provided participants with an opportunity to capture moments, perspectives, and stories through their lenses, highlighting their ability to communicate ideas visually.

The competition encouraged students to explore photography as a medium of creative expression, paying attention to composition, lighting, perspective, and storytelling. Participants submitted their photographs for evaluation based on the criteria established for the competition.

VESLens celebrated the diverse perspectives and artistic talents of students while promoting visual storytelling and appreciation for the art of photography.
