We are pleased to announce the successful participation of our 2 NSS USDI Unit Volunteers in the recent **'Red Run'**, organized by NSS Unit of the Netaji Subhas University of Technology (NSUT), Delhi **on 15th Sept. 2024. It was a 5 Km. Awareness Run to fight against HIV/AIDS.** The NSS USDI Volunteers participated in this Red Run. Their experience as shared - blended fitness with a vital cause. The day began with a 2-kilometer walk for adults, designed to raise awareness about HIV/AIDS, symbolized by the red ribbon. Following this, a spirited 5-kilometer race for boys and girls, each competing separately, culminated in awards and cash prizes for the top finishers. The event was well-organized, with participants receiving t-shirts, bib numbers, and some fruits and water to energize us before the race. Once the race was completed, they had a little photo session with the statue and the boards displayed shortly before lining up in our seats for the announcement of the winners. They were called upon to attend the informational speech regarding AIDS on the stage. After the announcements and the felicitation process, NSS Volunteers lined up behind the bus where they provided refreshment snack boxes to all contestants and certificates for our contribution and participation. The winners' speeches, ranged from humorous to informative and enriched the overall experience. Concluding with snack boxes and certificates, the Red Run effectively combined health, fitness, and crucial awareness from the perspective that NSS volunteers experienced from the Social Awareness Event; thoughfully organized by the Delhi State AIDS Control Society.
